## **Access Retains Land Rover North America Account and Wins Jaguar Cars**

*Competitive Bid Leads to Award of Exhibit Programs for Two of Ford's Premier Auto Group Brands*

**Whitinsville, Massachusetts, September 6, 2002:** Access TCA Boston has just announced that they have been awarded the 2002-2003 exhibit programs for Land Rover North America and Jaguar Cars. After competing in a comprehensive bid, the award-winning exhibit house was notified of the decision just last month.

"We're gratified at the opportunity to continue working with Land Rover, and we're excited at the prospect of building a solid relationship with the Jaguar team," said Greg Henrikus, Access TCA's Vice President of Operations. "This award represents a milestone in Access' growth, and is a testament to the outstanding level of service and high-quality product Access Boston has provided Land Rover for many years."

Land Rover North America has been a client of Access Boston's since 1996, managing its exhibit program through Land Rover's acquisition by BMW and the transition to its current role in the Ford Motor Company's Premier Automotive Group.

Access TCA Boston is the headquarters of Access TCA, a multi-divisional company with offices in Atlanta, Baltimore, Las Vegas, London and Nashville. Access TCA has won several awards for its original exhibit designs, including Best of Show at the New England International Auto Show 2001 for the Land Rover exhibit.
